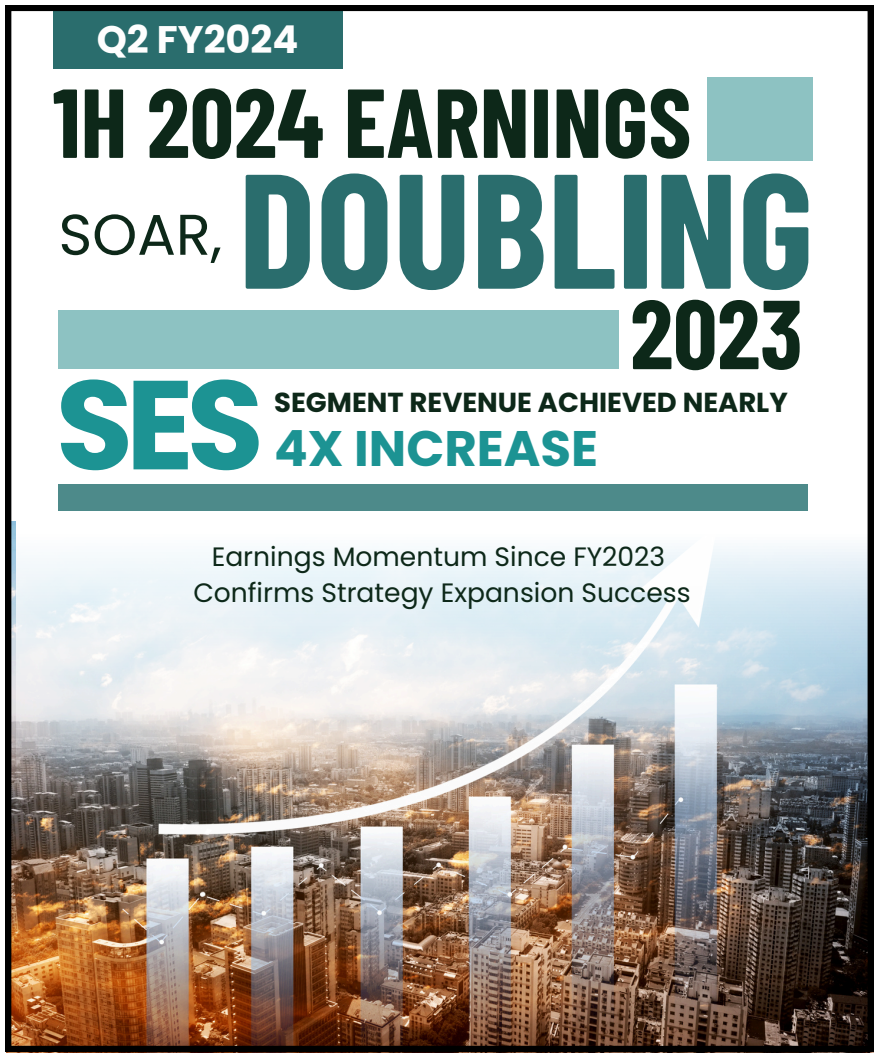
KAB GROUP OF COMPANIES' GROWTH

IS MORE THAN JUST A VISION



DATO' LAI KENG ONN

EXECUTIVE DEPUTY CHAIRMAN CUM GROUP MANAGING DIRECTOR

"Expanding on our Q2 outlook, KAB anticipates a continued upward trajectory in its financial performance, building on the momentum established since 2023 and proven in this first half of FY2024. The SES segment, which saw RM2.7 million profit growth in 2022, has become central to the Group's strategy, contributing over RM10 million in 2023's core earnings – quadrupling the previous year.

With two consecutive quarters of on-target results in FY2024, KAB is making strides in securing both local and regional developments, strengthened by strong state partnerships. I am confident that ongoing projects will come to fruition, boosting our orderbook as we drive towards our ambitious targets for 2025."
